Bringing Awareness is what **MASK** is about. Each month we enlist specialist to enlighten us with the issues that *can* affect our children. We invite you each month to take advantage of these opportunities, and to equip yourself and children with the tools to help deflect these possibilities.

As we start out the New Year we will begin to open Evening Meetings. Our Community Outreach Program will reach out to different groups and schools to bring awareness. If you would like to schedule a Presentation at your school or organization contact us at www.azmask.org, and request one.
